

REINFORCEMENT ACTIVITIES

Subject: English

Grade: 5th

Period: II

Year: 2019

SUGGESTION

Each period, the teacher formulates a problematizing question or situation related to the learning goals that help the student to train him/herself and get ready to prove his/her knowledge and proficiency levels in each area. This process is scheduled on May 20th to 24th. The student should consult the bibliographic references cited by the teacher and turn in three academic products for the period.

1. Problematizing question:

What do I know about my Planet?

2. Learning Goals:

- The students will be able to identify the natural characteristics of the planet.
- The students will be able to describe about environmental care.
- The students will be able to value the natural resources and use them with responsibility and respect

3. Activities:

- Write 5 ways how kids can help to take care of the environment.
- What should you do during an earthquake? Write 3 advices or recommendations using must and mustn't.
- What's the weather like today? Minimum 20 words.
- Define the following natural phenomenon: Tsunami, avalanche, eruption, lightning and tornado.
- Fill in the gaps with the right words.

- ✓ This is a _____. It comes from _____. It looks like a _____.
It is _____ with black stripes. It can run and it cans _____. It lives
in the _____.
